- To be able to name 2D shapes and their properties.

Science

Animals including humans;

- Healthy living including balanced diet, exercise and hygiene.
- Common animals and their offspring.
- Simple lifecycles.

Computing

In computing we will be looking at IT around us. We will be looking at different devices how devices have changed throughout the years. We will also be looking at the different devices we use and how we use them.

Geography

FIRE!FIRE!

We will be exploring famous people and events in history with a focus on The Great of London. We will learn how events can be organised in chronological order using a time line and explore the effect major events have on the surrounding areas. We will look at a range of artefacts and use of inference skills to make predictions about their uses in history.

PSHE

We will be looking at how to keep ourselves safe and look after our bodies as we grow. We will also be learning about our Golden rules and how we learn Sea View/.

R.E.

We will be reading the parable The Good Samaritan'. We will learning and discussing being a good friend and helping others linking to our PSHE.

Art & Design

This term we will study the work of Jackson Pollock:

- Create artwork linked to the seasons including collage, painting.
- Complete observational drawings linked to our topic work.
- Work on pencil control and skills to enhance artistic skills.

P.E.

Games and ball skills:

- Recognise and describe how the body feels during and after different activities.
- Strike or hit a ball with increasing control.
- Learn skills for playing striking and fielding games.
- Know how to pass the ball in different ways.
- Use different ways of travelling at different speeds and following different pathways, directions or courses.

Music

We will listen to a range of music and discuss ideas and feelings. We will respond to music through dance, movement and expressive language.
