Year 5

Summer Term

English

In English children will:

- Look at persuasive writing, analysing a range of texts for different audiences and constructing their own pieces.
- Identify and explore myths and legends.
- Analyse the construction of newspaper articles, writing their own about a range of topics.
- Continue to develop their reading skills, such as scanning and skimming, and expand their vocabulary by looking at synonyms and antonyms.

Maths

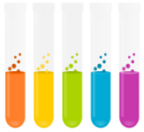

In maths we will:

- Reinforce our understanding of multiplication and develop our division skills using a range of methods.
- Return to and further develop our skills with word problems using all four operations, and look at multi-step word problems.
- Continue to investigate problems in problem-solving lessons, applying our knowledge and understanding to different contexts.
- Look at translation of shapes and using coordinates to describe these.

Science

Properties and changes of materials
We will be looking at and comparing different materials, creating solutions and mixtures, and investigating reversible and irreversible changes.
Life cycles and living things
We will study and contrast the life cycle of a range of different animals, for example frogs, humans and snakes. Children will also look at developmental changes with reference to humans and animals.

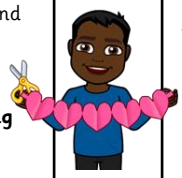

Art & Design

Artist: Frank Stella

Children will learn about Frank Stella and his attitude to art, as well as creating abstract works of art inspired by his designs.
DT – We will designing and making bread.

Computing

We will use Garageband to compose and refine Book trailers we have designed inspired by our class novel.

Design and create Quizzes using a range of multimedia.

MFL

In French children will study the weather and the geography of Paris, vocabulary associated with this, and construct their own texts to describe the French capital.

P.E.

. In PE we will develop our catching, throwing, batting and fielding skills by learning to play rounders. We will also look broadly at athletics, covering important skills for track and field activities such as sprinting and throwing.

History

We will discover what happened in Britain after the Romans left in the 5th century looking at the Anglo-Saxons, Picts and Scots' and Vikings. Using the mysterious burial ship at Sutton Hoo as a basis, we will explore where the Anglo-Saxons and Vikings came from, and how they came to settle in Britain.

PSHE

Exploring British Values and how these shape society we live in. We will also be looking at dreams and aspirations.

R.E.

We will be exploring the key aspects of Christianity and what are the key foundations of the Christian faith.

Music

We will be exploring the musical genres of Hip Hop and Classical, as Well as using garage Band to compose our Own movie themes.
