Frank the French Specialist

When I grow up I could be a Tour Guide, Flight Attendant, MFL Teacher, Translator, Interpreter, Voice Over Artist, French Hotel and Resort staff, Diplomat...

Join Frank the French Specialist in his journey through learning a new language in an enjoyable and engaging way. Frank will help us to understand and communicate in French. We will begin by learning new skills and exploring France before looking at ourselves, family, animals, daily routines, food and sport.
